## Disclaimer

\*Dimensions, capacities and abilities apply to standard vehicles.

Actual consumption will vary with vehicle loading, driving style, climatic and road conditions.

This information was effective as at January 2023 valid for model year 23 and is subject to change without notice.

# Family has never **looked this good**

The new Tiguan Allspace has arrived and with it, the most stylish and sophisticated features that ensure it looks as good as it drives. This sleek and spacious 7-seater SUV comes with a completely elevated exterior that will make you think twice about what a family car looks like.

The new Tiguan Allspace range has a model perfectly suited for your drive.

**2.0 TSI 136kW Tiguan 4Motion**

**2.0 TSI 136kW Life 4Motion**

**2.0 TSI 136 kW Elegance 4Motion**

**Mauritius & Kenya ONLY:**

**1.4 TSI 110kW Life DSG**

**1.4 TSI 110kW Elegance DSG**

# Life

The Life model quickly sets a high bar for the entire range, and it starts with its exterior: sharp contours and striking protrusions accentuate its robust form. While inside, its length provides all the space you need for your city cruises or cross-country quests. More specifically, this model comes with standard silver exterior mirror housing, silver anodised roof railing, 18-inch "Kingston" alloy wheels, and Digital Cockpit Pro. It also includes an 8.0-inch Composition Media radio with App-Connect and Voice Control. Plus, sophisticated safety features are made standard here, with Park Distance Control (front and rear), electrically adjustable and foldable side mirrors.

# Innovative interior

When you step inside this spacious SUV, you'll experience the perfect combination of class and comfort. The new Tiguan Allspace puts luxury at the forefront with a range of features including:

- "Vienna" leather upholstery
- Electrically adjustable leather seats with lumbar support
- USB-C charging socket
- App-Connect (not wireless)
- Harman Kardon sound system
- Ambient lighting
- A multi-colour Digital Cockpit Pro

\*Some features are optional across the Tiguan Allspace, Life & Elegance models.

# Turning gears, wheels and heads

The Tiguan Allspace is built with sharp lines that accentuate its progressive design, creating a sporty aesthetic. Its striking design is more powerful looking. From body-coloured bumpers and door handles, a seamless appearance is created. The Tiguan Allspace, Life & Elegance models also have black protective trim on the lower front and rear bumpers, side sills and wheel arches, to enhance their sporty design.

The Tiguan Allspace's distinct body contours are a common feature used to draw the eye along the car's exterior, leading to its striking horizontal chrome strip and Volkswagen badge. Chrome finishes and alloy wheels come standard across the range, keeping the Tiguan Allspace firmly on and off the road.

# Luxury comes **standard**

**The Tiguan Allspace's premium design is more spacious than the previous generation.**

Every bit of the vehicle has been optimised to create more space. From the inside, it's easy to understand why the Tiguan Allspace is about more than just contemporary refinement. Exceptional comfort levels combined with cleverly thought-out design create a comfortable and functional cabin.

# State-of-the-art **technology**

**When it comes to innovation and technology, the Tiguan Allspace has everything you need.**

Keyless entry and an electric tailgate make loading and driving seamless and effortless.

Parking has never been easier. Park Pilot activates when the car is in reverse and uses ultrasonic sensors to monitor the front and rear of the vehicle. It offers guidelines on the camera screen and warnings to the driver when the car is getting close to another object.

Driver Profile Selection enables different settings that will change both the Tiguan Allspace's performance and the driver's experience – all at the turn of a dial. Quickly and easily select one of four driving modes and change between Normal, Comfortable, Sport or Eco mode.

# Infotainment

Central to driver and passenger enjoyment is Volkswagen's "Composition Media".

It features an 8-inch high-resolution display, USB interface for iPod/iPhone, Bluetooth, and MP3 compatibility. The infotainment system offers a practical, personalised, and versatile user experience – perfect for cross-country road trips or around-the-corner school runs.

## 8-inch touchscreen with Gesture Control, Bluetooth, and USB interface for iPod/iPhone.

App-Connect links compatible smartphones to use selected apps on the touchscreen display of your Volkswagen, from streaming music to navigation using mobile maps.

Digital Cockpit Pro turns your dashboard into an interactive cockpit. The Digital Cockpit Pro allows you to customise the display from infotainment to navigation or vehicle statistics.

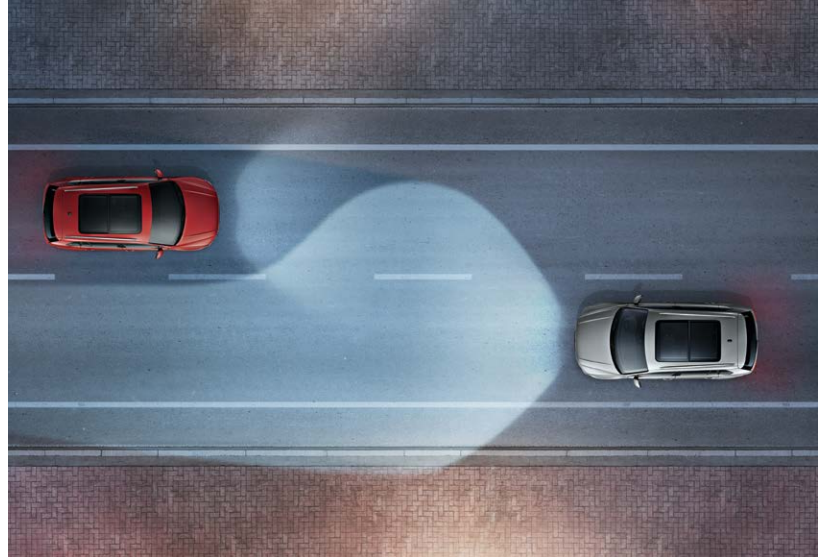

# Safety first. **Safety always**

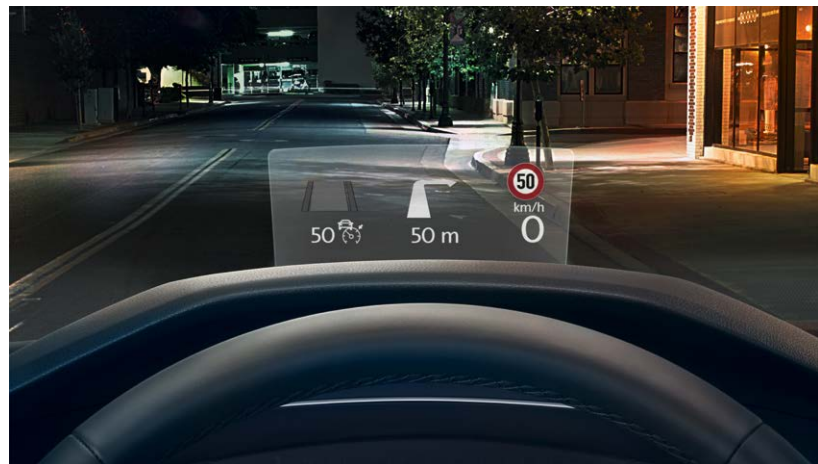

With the Tiguan Allspace being the embodiment of German engineering, safety is always prioritised. The safety cage has been designed to protect passengers in the event of a front, rear, or side impact. Additionally, advanced thermo-formed steel B-pillars offer strong reinforcements on top. The adaptive airbags have been engineered to adjust to crash severity and special door sensors will deploy Curtain Protection® airbags in a side impact.

**The Head-up Display warns when a break is needed via an acoustic signal and a visual message is displayed on the instrument cluster.**

Speed, traffic signs, assistance systems, and other functions are displayed clearly and accurately. The Rest Assist fatigue detection system senses fading concentration levels by intelligently measuring pedal and steering wheel use. These ground-breaking features are designed to keep the driver alert and safe during long trips.

High Beam Control "Light Assist"

Head-up Display

\*Head-up display is optional on the Elegance model.

# Constant 4MOTION® moving forward

The Tiguan Allspace does all the thinking and calculations in split seconds. 4MOTION® actively secures vehicles by working in conjunction with other operational safety systems to constantly monitor driving conditions. Hill Descent Control and torque distribution to all four wheels mean safety comes first – whether you're driving on- or off-road.

Upon detection of even the most minimal wheel slip, the power is automatically adjusted and deployed to the necessary wheel in a matter of milliseconds. Power is part of every detail; all you need to do is buckle up for the adventure.

#### **Automatic Profile**

Tailor-make any journey using the Driver Profile Selection. It enables different settings that will change both the Tiguan Allspace's performance and the driver's experience – all at the turn of a dial. Quickly and easily select one of the five driving modes and change between Normal, Comfortable, Sport or Eco mode.

#### **Off-road driving profile (individual)**

Hill Descent Control, audio warnings and lights can be deactivated. The driver has the option to customise their off-road driving experience in this mode.

# Taking you places **on and off the map**

**The Tiguan Allspace has a lot to give.**

Take off for your next destination in a Tiguan Allspace and you'll have more turbocharged fun getting there. Fold down the rear seats and you'll see how versatile it is.

# Wheels

**Tulsa**  
17" alloy wheels, dark graphite,  
diamond- turned surface'
